</tbody>
</table>

SKILLS DEVELOPED

In Criminology you develop a wide variety of skills including the ability to:

- Gather and organize data, write clearly, defend an argument and plan long term projects effectively
- Understand criminology, societal development and components of collaboration and cooperation while critically developing and assessing recommendations for improvements
- Recognize the importance of diversity while identifying problems and preparing possible solutions for various communities, cultures, and socio-economic statuses
- Develop a strong awareness of societal concerns and population dynamics through data collection, analysis, and long term planning
- Demonstrate advanced critical thinking to question policies and acknowledge issues, dilemmas, and doubts while constructively preparing suggestions
